Reference Letter on behalf of Muhammad Ammar Chohan

To Whom It May Concern,

I am pleased to write this letter of recommendation on behalf of Muhammad Ammar Chohan. I taught him a course in "Survey, Sampling and Observational Data" at University of Toronto Mississauga during the fall semester of 2016. This class consisted of 120 students. Muhammad proved to be a capable and motivated student with all of the qualities necessary to pursue any further studies and research. He showed superior analytical capability, high communication and strong writing skills. I rank him among the top 10% outstanding students in this class.

Muhammad is a very friendly and good-natured individual. He gets along with everyone in the class. He is also an excellent team worker and effectively contribute in any class discussion.

I do believe that Muhammad has the necessary background and objects that have prepared him well to accomplish any research project. For all these reasons, I recommend him to your institution.

If you require any further information, please do not hesitate to contact me.

Yours truly,
