TO WHOM IT MAY CONCERN

I am writing this letter in support of Mr. Muhammad Ammar Chohan's application for a position in your company.

I know Mr. Chohan since Fall 2013 when he took my course ITEC2610 "Object Oriented Programming". He was one of the few students who obtained a B+ in this course. This programming course involves a lot of work on a fairly complex project and two difficult examinations. Obtaining an 77% in this course Mr. Chohan proved not only that he is a very good thinker and an excellent programmer, but also that he is willing to work hard to achieve his goals.

This is why I fully support his application for a position in your company. I am confident that Mr. Chohan will perform well in this position.

Sincerely,

A handwritten signature in dark ink, appearing to read "R. Campeanu", with a horizontal line extending to the right.
